

## EXCURSIONES ATUEL CANYON

We go southwards by route 40 until arriving at the department of San Rafael, which is 240 kilometres away from Mendoza . Then we travel until arriving at the locality of Great Valley, where we will be able to observe geofoms of matchless beauty . There you will have time to have lunch and practice some activity of tourism adventure (this is optional). Soon we will continue to arrive at the Canyon of the Atuel, site in which the time was in charge of modelling this wonderful postcard. We will finish the excursion passing by the dam El Nihuil, with the hydroelectric power station and the villa 25 de Mayo.
