## HIGH MOUNTAIN

Enjoy the wonderful landscape of the mountain in its maximum splendor. This tour, which is considered one of the most popular in the region, goes from Mendoza to the border with Chile. During your journey you will find places of charm; Potrerillos and Cacheuta, both possess a vital wealth and function for the province. Along the route we will make a stop in the ski centre Penitentes, to appreciate the snow in the winter season. Further on, we will find Puente del Inca, which is a rocky formation that represents a natural bridge surrounded by hot springs. Nearby we will observe through a magnificent viewpoint, the Aconcagua Mountain, the highest peak in America with 6962 metres above sea level. Finally, following the international route, we will find the customs complex "Los Horcones", and later, already in the limits with Chile, we will finish our tour in Las Cuevas, a place with a european building style and where we will make a stop to enjoy a mendozinian lunch in a typical mountain restaurant.
