

Aventura

## HD RAFTING

"Adventure" is synonymous with fun and adrenaline. Therefore, we invite you to know and enjoy unique moments on the water with friends, family or partner.

This experience is based on making use of sports and recreational skills by walking the riverbed in the direction of the stream (downstream), usually on some type of boat or raft. Usually the rivers that are navigated have some degree of turbulence, these are also called white water rivers. The most common boats that are used are the raft, canoa or kayak, which can be rigid or inflatable. Throughout the activity we will be accompanied by a professional expert in the activity. Undoubtedly an experience adapted for the whole family.
